Our range

Options:

Choice of surface treatment or colour on our products can be made based on product type and wood type. Read more in the section about finishes and colours on the following pages. Choice of fabric can be made from our standard fabrics as well as custom fabric classes, A, B, C, D, E, L.

Custom colour:

Special color on tables, chairs, storage / cabinets and armchair / sofa is possible.
Special color in opaque color (with NCS code):

Excl. VAT, no discounts apply.
365€

The price is per color and order
For other finishes or questions please contact your sales representative.

Special colors are not available for tabletops with fixed dimensions over 185 cm.

Terms of sale

VAT:	All prices are excluding VAT.
Delivery conditions:	By agreement.
Delivery time:	Indicate the current year and week.
Terms of payment:	By agreement.
Remarks:	Any remarks must be made no later than 7 days after receipt of the goods. Shipping damage must be reported directly on the consignment note upon receipt, and to Stolab. Hidden damage must be reported within 7 days from the date of receipt.
Amendments:	We reserve the right to make changes to the shape and design of the furniture and its construction.

Warranty conditions / complaints

At Stolab, our most important task is to design and manufacture quality furniture that will last for generations. No matter how careful we are, something can go wrong during manufacturing in our factory or during transportation.

We provide a 10-year warranty from the date of invoice against manufacturing defects on all furniture. Extended warranty of 20 years applies to Lilla Åland chair and armchair in birch and oak sold or June 25, 2024. 3 years warranty on electrical components / wear parts in mechanisms and gas cartridges.

Upon receipt of goods and the carton is defective, discrepancies must always be written on the waybill. Missing notes will result in complaints not being accepted. The recipient must immediately notify Stolab of any discrepancy.
Contact our customer service +46 371-337 50 / reklamation@stolab.se.

Returns in the event of a complaint may not be made without our approval. For fast and correct processing of returns and complaints, the return document must accompany the goods with reference to the complaint number. In cases where the return is to be made at Stolab's expense, a carrier appointed by Stolab must be used. Read more at stolab.se under “complaints & warranty” about how you as a retailer via retail or contract make a complaint.

Surface treatments

Birch is a light-coloured wood whose fiber structure can vary from completely smooth to very flaky. Birch is medium-hard, tough and a very common type of wood in Sweden. Birch also provides great options for surface treatment and is the wood type most often chosen when you want a colour on your furniture. The birch we use has grown about 60 years to achieve the right quality.

We use environmentally friendly, waterborne lacquer, which provides a durable, intact surface that stays beautiful year after year. Our bright matt lacquer has a texture that brings out the feel of the wood more clearly.

Oil is a tried and tested craftsmanship that is very well suited for solid wood. An oil-treated surface gives a natural wood feel that is maintained with the right kind of care. To get as light a shade as possible, we use white oil while natural oil gives a slightly darker tone.

Ash is a tough and very hard wood that can vary slightly in colour from light yellow to Light grey. A lacquered or oiled ash furniture has a shimmering and very characteristic surface. The ash we use has grown for about 100 years to achieve the right quality.

Oak is a very hard, dense and strong wood. The heartwood is initially grayish yellow, but then turns light to dark brown. Naturally oiled oak furniture has a deep, warm coloured surface. A light matt lacquered oak furniture will have a lighter, grayish beautiful shade. The oak we use has grown for about 120 years to achieve the right quality.
