General conditions

Terms of delivery

D.A.P (Delivered At Place)
Orders with net value of 2000 EUR and over will be delivered free of charge.
Transport cost 95 EUR will be applied on orders with net value below 2000 EUR.

Above mentioned conditions provides that unloading direct from export trailer can take place at the delivery address.
Deliveries with vehicle with tail lift or unloading on a specific day can be arranged with a surcharge;

Lorry with Tail lift:	200 EURO NET / 18x pallets
Fixed day delivery (during the day):	250 EUR NET / consignment
Smaller vehicle delivery	360 EURO NET / 8x pallets

If special documents for transport are required such as certificate of origin or other sort of certificate, these will be charged at cost.

Guarantee

Johanson Design AB guarantees products for 5 years against manufacturing defaults. The guarantee applies if the product is fitted professionally and maintenance according to care instructions.

Lead time

Our production time is normally 3-5 weeks. Delivery week, from factory, is stated on the Johanson order confirmation.

Terms of payment

Prepayment, unless alternative payment terms are agreed.
All goods will remain the property of Johanson Design AB until payment is made in full.

Prices

Euro excluding V.A.T.
We reserve the right to amend prices without notice.
16% interest will be charged on overdue accounts.

Transport damage

Upon delivery, any fault or damage must be reported in writing on the delivery sheet. Missing notification will result in the claim being denied. The receiver of the goods must immediately report the fault/damage to Johanson and to the forwarding company.

Damages not notified upon delivery (intact packing) must be reported within 7 days.

Johanson Design AB is not to be held responsible for additional costs inccurred due to transport damages.

Packaging

Prices stated include packaging and exclude eventual pallets. Loading pallets will be charged separately. Each box is clearly labelled showing its content, order number and eventual reference ID.

Only recyclable packaging materials are used. We are members of Reparegistret AB who arrange collection and recycling of used packaging materials.

Order confirmation – Grace Period

It´s the client´s responsibility to check the order confirmation and make sure it corresponds with the purchase order.
Amendments can be done within 48 hours of the issue of the order confirmation (Grace Period).
Amendments requested after the Grace Period may result in additional charges.

Order confirmation left without feedback is considered accepted.

Additional information

Johanson reserves the right to amend constructions and to label products the trade mark of Johanson.

Minor divergences might occur on measures stated.

Technical information

Production

The full production takes place at our production facilities in Markaryd, with the exception of some components. Cutting, sewing, upholstery, frame production and assembly is carried out in our main factory in Markaryd. Bases and metal components are produced by Metector (subsidiary), also based in Markaryd. By securing local production we can offer high flexibility, short lead times in combination with a good price. E.g. All metal components are available in 405 colours as standard.
Only a start fee of 78 Euro gross per colour will be charged.
No additional cost per unit.

Upholstery material

We work purely with selected suppliers, specialising in material for the contract market. Johanson aims, as far as possible, to use Eco-labelled materials in our standard range. See page 7-9 for more information about our 200 standard upholstery materials.

Vinyl: Palette from Corium. 84 colours available. Sample card on request. PG 1.

Leather: High quality semi aniline leather from Elmo (Elmosoft, Elmonordic, Elmovintage) and United Leather (Vintage Collection). Visible insect-bites and scars from healed wounds add to the elegant quality of the leather. PG 5.

Fabric: There are 6 different price groups. From PG 0 through to PG5. On page 7-9 all standard materials are listed, showing which pricegroup they belong to.

PG 0: Customers own material and customers own leather. Fabric Zero from Corium.

Seat frames and foam

The frames we produce are of the highest quality and padding is made of polyether/foam. Where wood material is included, FSC certified wood is used.

Fire classification

All products meet Möbelfakta's fire requirements. All polyether/foam are tested to Cal TB 117. All standard fabrics meet EN 1021:1 & 2. Other classification, for example BS 5856 (Crib 5) on request, please contact customer support.

Wood-and veneer details

Besides our standard range of veneer, laminate, stain and lacquer-colours we can offer customized solutions. Contact Johanson customer service for more information.

Metal finish

Chrome: Only trivalent chrome is used.

Satin: On request.

Black/White: News! All products are available in black (RAL 9005) and white (RAL 9010) as standard. Black and white structure are under Multicolour, for those two colors we do not charge any start fee. Solid black and white is gloss 30, texture is gloss 5.

Multicolour Solid Collection: We offer 197 solid RAL colours as standard. Only a start fee of 78 Euro per colour will be applied.
No additional cost per unit. Gloss 72.

Structure Collection: All the **197 RAL colours we also have as structural colours.** Only a start fee of 78 Euro will be applied, no additional cost per unit.
Gloss 5. No start fee charged for black and white structure under Multicolour.

Pearl finish collection: We also offer **15 pearl colours**, for example RAL 1036 gold and RAL 8029 copper. Only a start fee of 78 Euro gross will be applied, no additional cost per unit. Gloss 90.

A colour chart is available on request. For other special lacquer or NCS colours, please ask for quotation.

Floor fixing

The Fix/04 base is suitable for projects where you can expect extremely hard or heavy use e.g. off shore or marine projects. The Fix/04 base can be applied on all models which have a pedestal base. Price on request.

Venus (01) is also available as floor fixed versions.
Additional price for this is +49 Euro per base.

Fasteners such as screws bolts and plugs are not included.

Return spring

Chairs and barstools with base 01 or 04 can be ordered with return spring.
Surcharge is 109 Euro gross per chair. Should be combined with a floor fixed solution for optimal functionality.

Special height

All pedestal bases can be customized in height. A startfee of Euro 164 + a cost per unit of Euro 34 will be applied.
Exception: Plain table base with a startfee of Euro 262 and a cost per unit of 47 Euro.

Lead time + 2 weeks.

For special height barstools, use the 82 cm height price + Startfee + Cost per unit.

Weight to Venus table base

An additional weight of 5 kilo can be orderd to the Venus table base in order to give extra stability. Cost is 64 Euro gross per base.

Floor protectors and gliders

All chairs and table bases have a floor protector or glider attached.
Customized solutions are possible but need to be quoted.
Felt gliders can be used on 08 and 09 base, surcharge is 9 Euro per chair.

Castors

The following products can be ordered with castors at an additional cost:

03-base:	42 /chair
05-base:	42 /chair

Castors to chairs are available in black, white or chrome.

Bespoke Table Top

Besides our 20 standard sizes we also offer bespoke table tops on request. Not only odd size tops can be offered, also special- laminate, veneer or stain can be quoted.

When buying a powerbox from our standard range, cut-out-cost is included in the price. For customized cut-out, a surcharge of 76 Euro will be applied.

We can also provide chair hanger under tables for 54 Euro/pc in black metal.

Button

Most of our products can be produced with buttons.
Buttoned upholstery demands a detailed drawing showing the position of the buttons. All upholstery materials in stock are available.

Start fee:	38/order
Button Ø 18mm:	9/button
Button Ø 30mm:	9/button
Button Ø 50mm:	13 /button

Environmental policy

Johanson works for environmentally friendly raw materials, processing methods and distribution chains to be used by ourselves and our sub-suppliers.

No tropical wood is used, only beech, birch and oak.
Our Formica PSM high pressure laminate tops can be burnt after use without any emissions.

All steel parts are recyclable.
Before we finish the chrome/lacquer all grease/oil is removed by alkaline wash and then sent for destruction. The lacquering is produced by electrostatic epoxy powder coating that gives a minium of waste. The electrostatic chrome (chrome 3) is recyclable.

The limited numbers of plastic parts that are used are recyclable by grinding.

All upholstery and frames of synthetic material are totally without C.F.C. emissions.

All glue is water based.

ISO 14001

Johanson has an environmental management system that fulfils the requirements of SS-EN ISO 14001:2015 with respect to development, manufacturing and sales of furniture.

Möbelfakta

Möbelfakta mirrors external requirements with a complete and updated reference and labeling, which thus becomes a synonym for professionalism and quality all the way to the final stage of the end user. The system is based on three areas of requirements;
- Environment
- Quality
- Social responsibility

The products that hold this labeling is provided with a Möbelfakta logotype in the price list. More products will be approved during the year.

EU Ecolabel

The EU Ecolabel is Europe's counterpart to the Nordic Swan Ecolabel and one of the world's top ecolabels.
It is a Type 1 Ecolabel, which means it is independent, works according to the life cycle perspective and with a holistic view when criteria are developed. Pelican, designed by Johan Lindstén, is the first EU Ecolabeled chair in Sweden!

EPD

The Environmental Product Declaration (EPD) is a key to well-informed sustainability choices. This extensive documentation reveals a product's environmental impact from raw material extraction to waste disposal. Filled with data on resource use, emissions and environmental aspects, EPD empowers consumers and businesses to make environmentally conscious purchasing decisions, promotes transparency and aligns choices for a greener future.

Product sheet

For all products, there are detailed product sheets.
Download from www.johansondesign.com.

CAD objects

All products are available as DWG and GSM files. Several products are already available in: Archicad, Revit, DWG, 3DS, SketchUp and pCon. planner. By 2021, we will expand our range of these files according to our new BIM strategy. We will produce files that may be missing in these formats on request.

All products can be downloaded in pCon.planner, which is a free 2D/3D space planning tool.

Care instructions

Fabric:
Vacuuming is usually sufficient to clean the fabric. If stains use luke warm water and gently wipe (do not rub too much on the material). Always use white cloths to avoid discoloration. For more stubborn stains, use a pH neutral soap or a detergent suitable for that particular fabric. If this does not help contact the supplier for further instructions.

Vinyl:
Wipe with a dry soft cloth for regular cleaning. Do not use vacuum cleaners, this can scratch the surface. If stains wipe or rub gently with a damp cloth. If this does not help contact the supplier for further instructions. Remember to always finish by wiping the furniture with luke warm water.
Detergents can be ordered from Corium AB.

Leather:
Wipe with a dry soft cloth for regular cleaning. Do not use vacuum cleaners, this can scratch the surface. If stains wipe or rub gently with a damp cloth. Do not use chemical coatings, cleaners or soap solutions. This does not help contact the supplier for further instructions. Remember not to place the furniture too near a heat source, leave a gap of 5-6 inches and avoid placing it in sunlight.

Felt:
Vacuum or dust wipe gently. If stains, use luke warm water and dry gently (do not rub on the material). If this does not help contact the supplier for further instructions.

PUR (polyuretan):
Wipe gently. If stains, use luke warm water and mild detergent without solvents, alcohol or abrasives. Dry with a soft cloth.

Laminate:
Wipe gently with a soft, dry cloth. If stains, use a soft cloth with ammonia (window cleaner), which eliminates the need for drying streaks. Remember not to use abrasive detergents.

Metal:
Wipe gently. If stains, use luke warm water and mild detergent without solvents and abrasives. Dry with a soft cloth.

Wood/Laminate:
Wipe gently. If stains, use luke warm water and mild detergent without solvents and abrasives. Wipe off any moisture.
Remember that wood is a living material, light from illumination and sunshine have some impact on the wood surface color and brightness. Therefore, wood can change in color and brightness.

Standard fabrics

Upholstery material

We offer a wide range of standard upholstery materials. Fabrics, vinyl and leather have been selected from the most prestigious suppliers.
If you require a material, not listed as a standard, contact Johanson support for assistance.

Customers Own Material COM / Customers Own Leather COL: Fabric/leather requirement is available at each product, and applies to fabrics without pattern matching. For fabric with pattern matching contact customer support. NB! The Upholstery material has to be suitable and have the right qualifications for ordered products. We recommend that a sample shall be sent to Johanson support for approval if uncertainty.

Grace & Garbo

Alexander Lervik

Grace and Garbo draw inspiration from the iconic design eras of Art Deco and Bauhaus, providing the furniture with a historical foundation while adapting them to contemporary settings.

The design of Grace and Garbo has been influenced by the cultural and aesthetic styles of the early 20th century. The names of the furniture pieces also stem from this era, inspired by two iconic film stars, Greta Garbo and Grace Kelly.

Garbo will be available for order in spring 2025.

Bail

Böttcher Kayser

Bail is a flexible, versatile series with plenty of potential for variation. These combinations are just a few options, please contact Johanson customer support for other variations. It is easily combined and blends in well in many different types of settings – from hotels, lobbies and waiting rooms to lounge areas and offices. Same price for seat height 42cm and 46cm. Prices below are for finish in black, white, chrome or Multicolour*.

Plateau

Böttcher Kayser

MÖBELFAKTA

Plteau is a product family that comprises sofas and armchairs. The individual pieces work well on their own but can also be combined in groups to create a more dynamic overall impression. The style is uncluttered and uncomplicated.

U-drop

U-drop is a further development of U-sit with a gap between back and seat. Dimensions and prices are the same as the U-sit 70 modules.

The following modules are available as U-drop:

- U-Drop 71
- U-Drop 72
- U-Drop 72 Corner Back Right/Left
- U-Drop 72 Double Corner Back
- U-Drop 73
- U-Drop 73 Corner Back Right/Left
- U-Drop 73 Double Corner Back
- U-Drop 74
- U-Drop 75
- U-Drop 76

Dimensions of gap: 2 cm
U-1 or U-11 legs.

Electrical equipment tables

When ordering these products in combination with table tops, the cost for cut out is included in the price. Schuko coupling is delivered as standard.

Powerdot Micro (1 USB-A, 1 USB-C)	108
Powerdot Mini USB (2 USB-C)	145
Powerdot Mini Electric (1 power)	72
Powerdot Midi (1 power, 1 USB-C)	145

Powerdot Micro
1 USB-A & 1 USB-C (15,5W/5V/3,1A)
Black / white

Powerdot Mini USB
2 USB-C PD (30W/20V/1,5A)
Black / white

Powerdot Mini Electric
1 power (type F, Schuko)
Black / white

Powerdot Midi
1 power (type F, Schuko) **&**
1 USB-C PD (30W/20V/1,5A)
Black / white

Connect multiple Powerdots in series using a single connection cable.
Series-connected Powerdots are available on request

Powerdot package

Complete with table cover that can be opened from two sides, spacious tray with plenty of space for connectors, Powerdots, textile bag and power strip. The textile bag hides hanging cables in an efficient and discreet way. In combination with Powerdot Electric/Powerdot Electric-USB.

Powerdot package for Peak: Textile bag is not included as cables are stored in the ”Peak connection” fixing plate, however, a distance plate is sent with it.

Powerdot package 31x15
Cover and tray in black, white or silver

Powerdot package, 2 Powerdot Electric (2 power)	564
Powerdot package, 2 Powerdot Electric USB (2 power, 2 USB-A, 2 USB-C)	931
Powerdot package, 1 Powerdot Electric and 1 Electric USB (2 power, 1 USB-A, 1 USB-C)	748

Powerdot Electric
1 power (type F, Schuko) **&**
4 cable holes
Black

Powerdot Electric USB + charger
1 power (type F, Schuko), **1 USB-A, 1 USB-C** (max 60w, 5/9/12/20V, max 3A) **&**
2 cable holes. Charger for Powerdot.
Black

Cable hatch

Practical Cable hatch in the same material as the table top for data and electrical connection, customized to the customer’s wishes.
We can also provide a practical mounting tray, L370xW200. Contact Johanson support for info.

DECIBEL
by JOHANSON

Decibel by Johanson has been working with world-leaders in acoustic solutions, Saint-Gobain Ecophon AB, since 2017. The Ecophon Inside™ label guarantees that products bearing this brand have been developed together with Ecophon and that the sound-absorbent materials are of the highest Ecophon class.

The following fabrics used in our various sound absorbers are carefully selected and tested according to the relevant standards by all our manufacturers.

Decibel fabric PG0

Camira	Cara
Camira	Carlow
Gabriel	Event Screen
Gabriel	Hush
Davis	Sawana

Decibel fabric PG1

Camira	Era 170
Gabriel	Soul
Gabriel	Soul Melange
Gabriel	Twist
Gabriel	Twist Melange
Gabriel	Xpress(2,0mm)
Kvadrat	Remix Screen
